OBJECTIVES

This Instructional Course is designed to provide with a very comprehensive teaching programme covering all fields of Rheumatoid Hand and Elbow Pathology.

Prominent Rheumatologists will present and discuss current classification of rheumatoid diseases, new treatment modalities with its advantages and disadvantages, treatment strategies and preoperative treatment of the Rheumatoid patient.

Leading Upper Extremity surgeons from Europe and USA will review the pathomechanics of the deformities and its correction, with an update on the indications and results on available implant arthroplasties.

Round Tables and Discussion time are scheduled after the presentation of the different topics, aiming for active participation of the attending colleagues.

Universal total wrist. Design evolution and results.

Brian D. Adams.

18:40

Avanta total wrist.

William P. Cooney.

19:00 - 19:30

ROUND TABLE and DISCUSSION:

Bilateral wrist involvement: Arthrodesis vs. Arthroplasty.

Moderator: John K. Stanley.

Panelists: Brian D. Adams, Nicola Borisch,

William P. Cooney, Marc Garcia-Elias,

Guillermo Loda and Beat R. Simmen.

5 November 2005 (Saturday)

Session Three: The Fingers Chairman: Alberto Lluch

9:00

Pathomechanics of metacarpo-phalangeal joint deformities.
Peter Haußmann.

9:25

Metacarpo-phalangeal joint synovectomy and soft tissue reconstruction.
Peter Haußmann.

9:45

Silicone MP joint arthroplasties.
Daniel Herren.

10:05

"SR" MP joint arthroplasties.
Peter M. Murray.

10:25

Pyrolitic carbon MP joint arthroplasties.
Philippe Kopylov.

10:45 - 11:15

BREAK

11:15

Pathomechanics of boutonnière deformities.
Alberto Lluch.

11:35

Treatment of boutonnière deformities:
Tendon reconstruction, pyrolitic carbon arthroplasty and arthrodesis.
John K. Stanley.

12:00

Etiopathogenesis of swan neck deformities.
Alberto Lluch.

12:20

Treatment of swan neck deformities.
Alberto Lluch.

12:40

"SR" PIP joint arthroplasties.
Michael Sauerbier.

13:00

ROUND TABLE and DISCUSSION:

How important is the type of arthroplasty used? How to prevent recurrence of ulnar drift of the fingers.

Moderator: Philippe Kopylov

Panelists: William P. Cooney, Peter Haußman, Daniel Herren, Alberto Lluch, Peter M. Murray, Michael Sauerbier and John K. Stanley.

13:30 - 15:00

LUNCH

Session Four: The Thumb and Elbow Chairman: Àngel Ferreres
